Sustainable packaging is your contribution to the environment

THE EASY WAY TO IMPLEMENT THE BOX CONCEPT

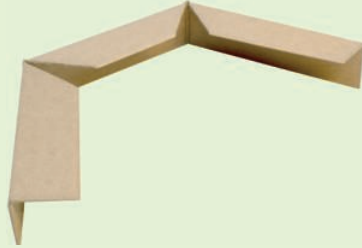

WE

- offer a complete The Box - concept
- produce/supply the components
- develop the technology for assembly

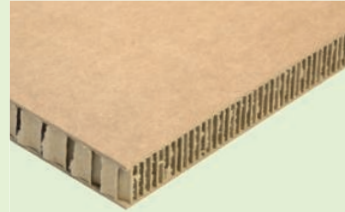

Design, ready cut components and assembly machines

Different quality options Light - Heavy - Heavy duty

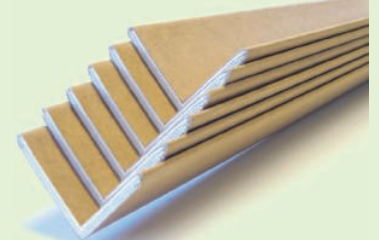

Top and bottom profiles are ready V-cut and made out of high-quality laminated carton board.

Honeycomb board has a hexagonal structure which is an extremely strong invention of Mother Nature.

Vertical Profiles are produced with rigorous quality control. They give the needed stability and stacking strength.

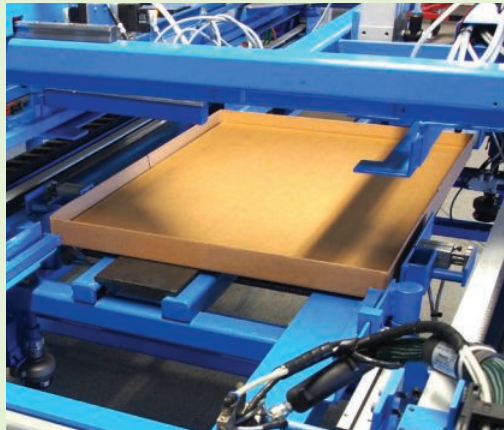

Ready cut components according to design planning are shipped to you on individual pallets.

YOU

- store
- assemble the elements
- give a local service
- deliver to customer

Licensed assembly for a JOT supply to local industry

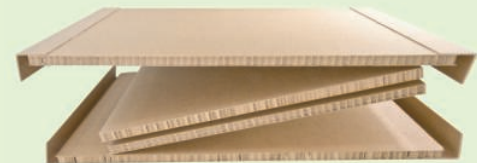

BAM (The Box Assembly Machine) by Eltete TPM Engineering converts The Box components into elements.

Top and bottom elements

Side and end elements

CUSTOMER

- receives flat-packed ready elements
- puts The Box together just when needed

Ready storage and transport box

Light elements are very easy to handle which makes The Box a user-friendly choice.

Easy assembly

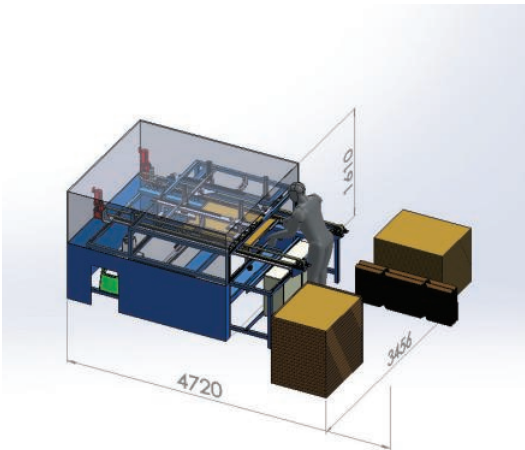

Flat-packed elements need minimum space during transport and storage

Add a pallet of your choice (carton, wood, metal, plastic)

ENVIRONMENTALLY FRIENDLY - EASY CONCEPT

BAM - THE BOX ASSEMBLY MACHINE

Capacity
30-60 The Boxes/hour

BAM assembly machine
2W x 3,1L x 1,7H m

Operational space need
5 x 4 m = 20 m²

THE BOX

SPECIFICATIONS

The Box elements

Top/Bottom

Min 600 x 600 mm
Max 1200 x 1200 mm

Height

Min 600 mm
Max 1500 mm

Example:

800W x 1200L x 800H mm
15 The Box kits / pallet
1000 The Box kits 64m²

Standard The Box sizes (W x L x H):

800 x 1200 x 800 mm
600 x 800 x 600 mm

BENEFITS OF COOPERATION

STEP 1 CONCEPT

- our know-how, high-quality products and technology solutions give you the tools for design and assembly
- we provide you with a licence agreement for the assembly and sales of The Box, which is RCD-protected (registered Community design)
- our global case studies work as a reference for easy selling

STEP 2 EXCECUTE

- your knowledge of the needs of the customer provides the tools to succeed
- local service with flexible options are the keys for the easy concept
- local automatic assembly lines will guarantee short production time
- you will have new business in many sectors that are looking for alternatives

STEP 3 REPLACE

- your customer receives ready elements and puts them together just when needed
- a ready solution for replacing non-ecological materials
- minimum space need and easy handling in shipping and storage
- benefits of a good company image from using green packaging

PACKAGING UP TO TODAY'S STANDARDS

The Box is an excellent way to ship your goods safely. It is economical, ecological, light weight and made just for your needs. Thanks to strong profiles, double-stacking will optimise the use of space. 100% carton packaging needs no treatment like wood does.

Eltete design and R&D are based on decades of knowhow, customer case studies and technology. We can design your individual transport box with possible loading flaps or special printing so that it can even be used as a shop display.

Different size, height and quality options guarantee that your goods will arrive undamaged at their destination. The Box offers optimal protection and is an economic alternative to traditional boxes.

The Box is the ultimate right choice for reducing a company's CO₂ footprint. The Box is 100% recyclable and environmentally-friendly. Reduce – Replace – Recycle and you will benefit from a better company image.

Eltete TPM Ltd (Transport Packaging Materials) is a global carton board converter and an ISO-certified supplier of 100 % recyclable transport packaging materials. With own engineering division we are able to react quickly to customer demands.

With experience since 1974, we are experts on the needs of today's market. Innovative and high-quality packaging solutions made of compact carton board are being offered in more than 60 countries through Eltete sales organization. With 22 production sites in 15 countries we are close to our customers.

Eltete TPM is the world's leading producer of sustainable carton board transport packaging materials and solutions in the world.
